

Late Registration

Students are expected to register at their earliest opportunity. A student who registers late is charged a fee to defray the cost of the extra services necessary to effect the late registration. Late registration periods are identified in the [Course Schedule](#) each semester (spring, fall, and summer). Students may register after the fourth class day in a fall or spring semester or the second class day in a summer term only with the approval of the department chair, graduate advisor, the student's dean, and the registrar. Registration after these dates is approved only in unusual circumstances.
