- d. curricular specialization
- e. free electives

More information, including a list of [specializations](#), [tracks](#), and [minors](#) is available on the College of Education's *Degrees and Programs* page.

Students who plan to major in exercise science must apply for admission to the program. A student's grade point average and completion of prescribed prerequisite coursework are factors in the admission decision. Information about admission requirements is available from an academic advisor.

Majors must complete the following:
