The Dean of Students delegates authority to, and is represented by the Student Conduct and Academic Integrity during the administration of the conduct process.
2. The leadership of a Student Organization is provided a copy of this policy annually in the form of a link on the university [catalog](#). Hard copies are available upon request from the Office of the Dean of Students. Students who are members of Student Organizations are responsible for reading and abiding by the provisions of this policy.
3. This policy and the student conduct process apply to the conduct of all Student Organizations. Suspended Student Organizations not currently recognized by the University, but participating in the provisional return program remain subject to this policy. Individual students who are members of a suspended Student Organization are subject to Chapter 11 of the Institutional Rules as individual students, and may be held individually accountable for their behaviors related to the Student Organization. Individuals who are members of a Student Organization may, through their actions, subject the Student Organization to disciplinary action under this policy, whether or not those individuals are also adjudicated under Chapter 11 of the Institutional Rules.
4. This policy applies to behaviors that take place on University property, at University or organization sponsored events whether on or off-campus, and may also apply to other off-campus behaviors when the Dean of Students determines that the off-campus conduct affects a university interest. 7. While there is no time limit on reporting violations of this policy, the University encourages individuals to submit reports of alleged violations in a timely fashion.
8. Anonymous complaints are permitted.
9. University disciplinary action will be based upon the "Preponderance of Evidence" standard. This standard is satisfied if the alleged violation is deemed more likely to have occurred than not. If an alternative set of facts is deemed by a Hearing Officer or Student

Conduct and Academic Integrity to be equally plausible to the set of facts that results in a finding of a violation, the standard is not met.

10. Notification of conduct proceedings, including but not limited to notice of allegations, interim action, meeting requests, hearings, and resolution, shall be sent by the Student Conduct to the Student Organization by letter or by e-mail, using the addresses on file with the Office of the Registrar or provided by the Student Organization per Sec. 6-302(a)(2).

Policies on the use of e-mail for official correspondence are provided in [Appendix M](#).
11. Allegations of organizational conduct that is prohibited by HOP 3-3031 or HOP 3-3020 will be adjudicated in accordance with those policies. Incidents that indicate possible violations of this Chapter and the University Handbook of Operating Procedures 3-3020 ("HOP 3-3020") may be investigated jointly or concurrently by Student Conduct and the Department of Investigation and Adjudication ("DIA"), and the investigatory work produced as a result of the investigations may be shared between the two offices.
 - A. In instances where an investigation by Student Conduct results in a finding of a violation of this Chapter, Student Conduct may consider a joint or concurrent finding of a violation of HOP 3-3020 as an aggravating factor in assessing appropriate sanctions.

1. Allegations of Prohibited Conduct committed by Student Organizations shall be referred to the Student Conduct for a determination of responsibility and, if applicable, assessment of sanctions(s), in accordance with the procedures detailed in this Chapter.
 - A. In accordance with Sec. 10-202(a)(3), Academic and Administrative Units possess the authority to establish and enforce administrative policies regarding access to and the use of building space; however, those units shall not engage in further action related to the Student Organizations. If there are issues regarding other possible policy and rule violations, the Academic and Administrative Units should refer those to the Student Conduct for processing in accordance with this Chapter's procedures.
2. A Student Organization engages in Prohibited Conduct when
 - A. one or more of its Officers acting in the scope of their organizational capacities engages in Prohibited Conduct;
 - B. one or more of its members engages in Prohibited Conduct and the action that constitutes Prohibited Conduct was approved by majority vote of those members of the Student Organization present and voting;
 - C. one or more members of a committee of the Student Organization engages in Prohibited Conduct while acting in the scope of the committee's assignment;
 - D. a member of the Student Organization engages in Prohibited Conduct while acting with apparent authority of the Student Organization;
 - E. the Student Organization, its officers, or a cohort of its members, engage in orchestrated conduct to permit, encourage, aid, or assist any of its members in engaging in Prohibited Conduct;
 - F. the Student Organization, its officers, or a cohort of its members, under circumstances where such persons knew or should have known that orchestrated conduct constituting Prohibited Conduct was occurring or about to occur, and fails to take steps to stop the conduct; or
 - G. the Student Organization, its officers, or a cohort of its members engage in orchestrated conduct to prevent the appropriate university or civil authorities from investigating alleged conduct.
3. When the Student Conduct receives notice that a Student Organization has allegedly engaged in Prohibited Conduct under Section 6-404, the alleged violation will be preliminarily investigated. Upon completing the preliminary investigation, the Dean of Students may:
 - A. dismiss the allegation if there is insufficient evidence to proceed with an investigation, and/or the information collected, even if true, would not constitute Prohibited Conduct; or
 - B. pursue the appropriate resolution option as outlined in Section 6-503.

4. Dismissal at this stage is not a determination of responsibility. The Dean of Students may reopen a matter dismissed at this stage and proceed to resolution pursuant to Section 6-503 if it receives additional information that supports such a determination.
5. If the Dean of Students determines that there are reasonable grounds for proceeding with the disciplinary process, the Dean of Students will identify the appropriate resolution option as outlined in section 6-503.
6. If an organization chooses to self-report Prohibited Conduct, the Dean of Students may, in its sole discretion, only investigate the individual(s) implicated in the report.
 - A. If information is uncovered in the investigation that suggests that the Student Organization aided, encouraged, sanctioned or organized the Prohibited Conduct, the Dean of Students may initiate an investigation of the Student Organization as outlined in Sec. 6-507.

Section 6-502. Interim Actions

1. Pending an investigation, hearing, or outcome of the allegations against a Student Organization, the Executive Director may take immediate action, as is appropriate to the circumstances, against a Student Organization that is alleged to have engaged in Prohibited Conduct, when, in the opinion of the official, the interest of the University or The University of Texas System would be served by interim action.
2. Student Organizations seeking a review of an interim action must submit a written request for an administrative review to the Dean of Students.
 - A. This administrative review will occur within two (2) business days of the Dean of Student's receipt of the request unless the Dean of Students, in their discretion, determines that additional time is needed to conduct the review.
 - B. Notice will be sent to the Student Organization if the Dean of Students extends the time for review beyond the initial five business day period.
 - C. This administrative review is not a hearing on the merits of the underlying allegations, but is merely a review to determine what, if any, interim actions are appropriate. The review may lead to a continuance, revocation, and/or modification of the interim actions, including modifications that may be more restrictive than the initial actions. The Dean of Students will notify the Student Organization officers of the outcome of the review in writing within three (3) business days of the review meeting. This notification will include the decision and the rationale for that decision.
3. If the University Investigation lasts beyond 30 days (as outlined below, beginning from the date of the Preliminary Conference), the Student Organization may request another review of the interim action(s), which will be handled similarly to the initial request for review as outlined above.

Sec. 6-503. Resolution Options

1. Allegations that a Student Organization has engaged in Prohibited Conduct may be resolved pursuant to one of four available processes:
 - A. Prescribed Resolution (Tier 1) pursuant to Section 6-504;
 - B. Partnership Process Resolution (Tier 2) pursuant to Section 6-506;
 - C. University Investigation (Tier 3) pursuant to Section 6-507;
 - D. A Mutual Resolution Agreement pursuant to Section 6-509.
2. The University will develop, publish and regularly update a Violation Rubric to use in determining which resolution option may be available to a Student Organization to resolve allegations that it

engaged in Prohibited Conduct. The Violation Rubric provides a recommendation for an appropriate resolution option that is based on the following criteria:

- A. the severity of the alleged violations
 - B. the allegation of physical, sexual or other forms of violence
 - C. the risk of harm to other persons
 - D. the conduct history of the Student Organization
 - E. current status of the Student Organization; and
 - F. other relevant factors.
3. Upon notice of a potential violation, the Dean of Students will use the Violation Rubric to assess the allegations and determine which resolution options may be made available to address the allegations of Prohibited Conduct. The recommendation provided by the Violation Rubric is not binding upon the Dean of Students, and the Dean of Students reserves the right, at any time during the resolution process, to require the allegations of Prohibited Conduct be resolved through a higher tier resolution process. The Student Organization may, in all cases, elect to resolve the allegations through a University Investigation.
 4. At any time, the University may offer to the organization the opportunity to resolve the matter through a Mutual Resolution Agreement as outlined in Sec. 6-509.

Sec. 6-504. Prescribed Resolution Process

1. The Prescribed Resolution Process permits the Dean of Students and the Student Organization to resolve allegations of Prohibited Conduct without engaging in a formal investigation. In these cases, the Dean of Students may determine that the preponderance of the evidence supports a conclusion that the Prohibited Conduct occurred without further investigation or meeting with the Student Organization's representative and send an outcomes letter to the Student Organization's Officer(s) outlining the finding, the sanctions, and the rationale for both.
2. Upon receipt of this letter, the Student Organization may do one of the following:
 - A. Accept the finding and sanctions
 - i. If the Student Organization follows the directives outlined in the outcomes letter, the matter will be considered closed once the sanctions are completed. Failure to complete the sanctions may result in the Dean of Students opening an additional disciplinary action; or
 - B. Accept the finding, but appeal the assessed sanctions with a written appeal to an Appellate Officer; or
 - C. Decline to accept the findings and sanctions
 - i. The Student Organization may reject the findings, and the matter will be resolved through a University Investigation as described in Sec. 6-507.
3. The Student Organization must notify the Dean of Students of their choice from the above within three (3) business days of receipt of the letter.
4. If the Student Organization does not respond to the letter, the findings and sanctions assessed by the Dean of Students will be formally adopted and the Student Organization must comply with the assessed sanctions.

Sec. 6-505. The Preliminary Conference

1. In instances in which allegations of Prohibited Conduct will be resolved through the Partnership Process or a University Investigation, Student Conduct will provide the organization with notice of the charges and an opportunity for the Student Organization Officer(s), the Student Organization Advisor(s), and the Student Organization's inter/national governing body (if applicable) to respond. This opportunity may be provided during an in-person

conference or via email and will include information regarding the nature of the allegations, the rights and responsibilities of the Student Organization, the resolution options available to the Student Organization, and the specific steps involved in the different resolution options.

2. If the Student Organization fails to provide a response, whether offered in-person or via email, Student Conduct will pursue the allegations using the University Investigation process described in Section 6-507.

Sec. 6-506 - Partnership Process

1. The Partnership Process permits the Student Organization to conduct an internal investigation subject to oversight and approval of Student Conduct. Student Conduct may also conduct a concurrent investigation as described in Sec. 6-507.
2. If the organization agrees to the Partnership Process, Student Conduct will, in consultation with the Student Organization Officer(s), Advisor, and other appropriate parties, develop an investigation scope and timeline.
3. The Student Organization must conduct an investigation and submit a written report within the agreed-upon timeline, or as otherwise specified in writing by the Dean of Students. The report should be detailed, including the names of specific individuals involved in the alleged violation, and any internal disciplinary action the Student Organization implemented for those individuals.
4. Student Conduct will review the Student Organization's investigation report and will make one of the following determinations:
 - A. Student Conduct agrees that the report is complete and may schedule a Partnership Process Resolution Meeting to discuss the report and findings and review next steps;
 - B. Student Conduct determines that the report is insufficient, incomplete, or inconsistent with the university's investigation, if applicable, and provides feedback and instruction for further investigation to the Student Organization; or
 - C. Student Conduct determines that the Student Organization has intentionally provided inaccurate or incomplete information, obstructed the process, is non-compliant, is uncooperative, or is unable to complete the investigation and report in a satisfactory manner. Student Conduct will then determine whether to move forward with investigation and adjudication of the allegations as described in Sec. 6-507.
5. Once Student Conduct has determined that the report is complete, Student Conduct will communicate with the Student Organization's Officer(s), Advisor, and other parties as appropriate, and one of the following determinations will be made:
6. **No Policy Violation:** If the Student Organization report determines that no policies were violated by the Student Organization, the process concludes.
7. **Policy Violation(s):** If Student Conduct determines that the Student Organization report indicates that the Student Organization was responsible for some or all policy violation(s) that were alleged, Student Conduct will issue an Administrative Disposition formally outlining the violation(s) and the proposed sanction(s).
8. Following the presentation of an Administrative Disposition, the Student Organization may choose to:
 - i. Accept the finding and assessed sanctions;
 - ii. Accept the finding, but appeal the assessed sanctions with a written appeal to an Appellate Officer; or,
 - iii. Contest the finding in a hearing if the sanction proposed by Student Conduct included Suspension or Expulsion.

- iv. If the assessed sanctions do not include Suspension or Expulsion, the Student Organization may contest the finding with a written appeal to an Appellate Officer.

9. When issued an Administrative Disposition, the Student Organization must communicate its choice to Student Conduct in no more than five (5) business days.
10. If the Student Organization does not respond to the Administrative Disposition, the findings and sanctions assessed by Student Conduct will be formally adopted and the Student Organization must comply with the assessed sanctions.

Sec. 6-507. University Investigation

1. Student Conduct or the Student Organization may elect to resolve any allegations of Prohibited Conduct through a University Investigation.
2. An investigation is an administrative process by which Student Conduct gathers information related to the alleged Prohibited Conduct. The investigation may include but is not limited to, meeting with Officer(s) and members of the accused Student Organization; requesting documents from the Student Organization; reviewing organizational records; reviewing information received by off-campus persons or organizations, including law enforcement; reviewing information received by an academic or administrative unit; and calling witnesses.
3. Student Organizations that fail to respond to meeting requests from Student Conduct may be subject to interim action as described in subsection 6-502.
4. At the completion of the investigation, Student Conduct will provide a written draft of the investigation report to the Student Organization for review and comment. The Dean of Students will make the final determination of the relevance of any information gathered during the investigation.
5. The Student Organization must provide any comments related to the investigation report in writing to Student Conduct within five (5) business days of the receipt of the report
6. At the completion of the investigation, if no policy violation has been found Student Conduct will provide a copy of the final report and the determination to the Student Organization. Student Conduct may choose to meet with the Student Organization's Officer(s) to discuss the findings of the report and ongoing behavioral expectations.
7. At the completion of the investigation, if there is sufficient evidence to issue a finding of responsibility for violation of policy, Student Conduct will issue an Administrative Disposition, including a determination of responsibility and related sanction(s).
8. Following the presentation of an Administrative Disposition, the Student Organization may choose to:
 - A. Accept the finding and assessed sanctions;
 - B. Accept the finding, but appeal the assessed sanctions with a written appeal to the Appellate Officer; or,
 - C. Contest the finding in a hearing if the sanction proposed by Student Conduct includes Suspension or Expulsion.
 - D. If the assessed sanctions do not include Suspension or Expulsion, the Student Organization may contest the finding with a written appeal to an Appellate Officer.
9. The Student Organization must make their selection and notify Student Conduct of their choice in no more than five (5) business days.
10. If the Student Organization does not respond to the Administrative Disposition, the findings and sanctions assessed by Student Conduct will be formally adopted and the Student Organization must comply with the assessed sanctions.

Sec. 6-508. Formal Hearing

1. If hearing-eligible, the Student Organization may have the case adjudicated by a Hearing Officer.
2. Student Conduct will give notice, per Sec. 6-401(k), to the Student Organization's Officer(s) at least five (5) days before the hearing date.
3. The notice will:
 - A. state the date, time, and location of the hearing;
 - B. inform the Student Organization Officer(s) of their rights as outlined in this section.
4. Student Conduct will establish hearing procedure and share that procedure with the student organization in advance of the hearing. Hearing procedures are posted on Student Conduct website.
5. The Student Organization may bring an Advisor of their choosing to the hearing. The Advisor may not speak on behalf of the Student Organization, question witnesses, or actively participate in the hearing other than to advise the Student Organization Officer(s). In accordance with Sec. 6-402(2), a Sponsored Student Organization must use their Sponsored Student Organization Advisor or a university staff or faculty member from the sponsoring Academic or Administrative Unit as their disciplinary proceeding Advisor.
6. The Hearing Officer will render a written Responsibility Decision that includes whether the Student Organization is believed to be responsible for a violation of policy and the facts in support of the finding. The Responsibility Decision will be submitted to the Dean of Students for sanctioning. The Hearing Officer shall complete the Responsibility Decision within five (5) days of the hearing. If the Hearing Officer is unable to issue the written Responsibility Decision within five days, they shall provide notice of the delay to the student, Student Conduct, and the Dean of Students. Student Conduct will establish the new deadline for submission of the decision.
7. In cases involving allegations of crimes of violence, as defined in the Family Educational Rights and Privacy Act (FERPA) and other applicable law, the Dean of Students shall notify the alleged victim(s) of the final outcome.

Sec. 6-509. Mutual Resolution Agreement

1. At any point during the conduct process, the Student Organization may submit a request to Student Conduct to enter into a Mutual Resolution Agreement. A Mutual Resolution Agreement is a collaboration between Student Conduct and the Student Organization to resolve the disciplinary matter in a way that eliminates the behavior(s) and prevents its recurrence, within the practice and culture of the organization. Student Conduct may continue pursuing an investigation even if a Student Organization requests to enter into a Mutual Resolution Agreement. A Mutual Resolution Agreement is not a finding of responsibility, nor does it absolve the Student Organization of responsibility for any alleged violations. Rather, it is an opportunity to resolve an allegation of misconduct through a set of agreed-upon terms designed to improve the Student Organization's culture.
2. The result of this resolution process is an agreement between the Student Organization and the university intended to restructure and rehabilitate the conduct and practices of the Student Organization through the completion of specified terms and conditions, which may include the development of Sanctions as outlined in Sec. 6-510.
3. This agreement will last for a specified period of time, during which the Student Organization will be granted conditional registration. This conditional registration may be terminated if the organization is found in violation of any university policies as outlined in the Institutional Rules, or if the organization fails to comply with the terms and conditions of the agreement.

Sec. 6-510. Sanctions

1. At the conclusion of the conduct process, sanctions will implement Sanctions for any Student Organization that has engaged in Prohibited Conduct. The Sanctions may include Status Sanctions, Educational Sanctions, and/or Structural Sanctions as described below.
2. Sanctions may be assessed individually, in combination, or to follow consecutively.
3. Record of the finding of a violation shall be maintained by Student Conduct for a period of no less than seven (7) years. If a Student Organization loses campus recognition, Student Conduct will maintain the Sanctions Letter indefinitely. If applicable, a copy of the case resolution may be sent to their Inter/National Organizational Governing Body or other appropriate parties.
4. Student Conduct and/or the appropriate university department will oversee the completion of sanction(s). If the student organization misses any deadlines, fails to complete any sanction(s), and/or has a subsequent violation(s), the Student Organization may be subject to additional sanction(s) and/or disciplinary actions at the discretion of Student Conduct.
5. **Status Sanctions** - Pursuant to section 6-501, the following status sanctions may be assigned to a Student Organization for violation of a *Regents' Rule*, university regulation, or administrative rule:
 - A. "Written Warning" means that the Student Organization's Officer(s) have been notified that the organization has engaged in behavior that violated a rule or regulation of The University of Texas System or the University. Student Conduct or the Dean of Students may impose conditions related to the violation to address the behavior that led to the violation. Further violations may result in a minimum of probation for the organization.
 - B. "Probation" means a specified period of time during which the Student Organization is required to comply with specified terms and conditions to address the behavior that led to the violation. During this specified period of time, Student Conduct or the Dean of Students may restrict one or more of the organization's privileges, as listed in Section 6-300.
 - C. "Deferred Suspension" means that the conduct of the Student Organization could have resulted in suspension, but the suspension is deferred for a period of observation and review. During the period of deferred suspension, Student Conduct or the Dean of Students may restrict one or more of the organization's privileges, as listed in Section 6-300.
 - D. "Suspension" means a specified period of time during which the Student Organization is prohibited from utilizing specified privileges, as listed in Section 6-300, and is required to comply with specified terms and conditions to address the behavior that led to the violation.
 - E. "Expulsion" means a permanent separation from the University and prohibits the Student Organization from university recognition. This status results in the automatic loss of all rights and privileges associated with university recognition. Formally referred to as Cancellation.
6. A Student Organization placed on Suspension/Expulsion is prohibited from sponsoring, co-sponsoring, or participating in any and all social, intramural, athletic, or other similar activities on campus. Suspension/Expulsion may also include the forfeiture of other specifically listed privileges. Suspension should be for a specific and determined time period, and will include a written return agreement outlining specific conditions for return. The Suspension may be delayed or extended at the discretion of Student Conduct or the Dean of Students based on ongoing activity during a period of suspension.

7. If the Student Organization dissolves or loses recognition, as a result of organizational conduct, and then attempts to seek recognition under the guise of a different organizational name, the University reserves the right to deny the request for recognition or withdraw the recognition. This conclusion may be based on multiple factors, including but not limited to, overlapping membership, similarity of purpose, and the timing of the dissolution or prior loss of recognition and the request for new recognition.
8. **Educational Sanctions** - Educational Sanctions may include, but are not limited to, educational programming, community service, interventions, restorative practice, or workshops determined to help develop the culture and community of the Student Organization.
9. **Structural Sanctions** - Structural Sanctions are related to the structure, membership, or governance of the organization. Structural sanctions, developed in collaboration with the inter/national organizational governing body (if applicable), may include, but are not limited to, changes to organizational operating procedures, a review of organization membership/leadership, an external review of the organization, and changes to organization advisor support.

Sec. 6-511. Appeals

1. The Student Organization may appeal the finding of responsibility or sanction(s) issued as a result of an Administrative Disposition or the Dean of Student's Disciplinary Decision.
2. Requests for appeals must be submitted in writing to Student Conduct within five (5) business days from the date on which the Student Organization signed the Administrative Disposition or within five (5) days of receipt of Disciplinary Decision from the Dean of Students. The request for appeal must state the ground(s) for appeal and include the Student Organization's argument in support of appeal.
3. The Student Organization may proceed with an appeal based on one or more of the following limited grounds:
 - A. **Procedural Error:** A procedural error or omission occurred that significantly impacted the outcome of the hearing
 - B. **New Evidence:** New evidence is information that was unknown or unavailable during the original hearing or investigation that could substantially impact the original finding or sanction. A summary of this new evidence, how it was previously unknown or unavailable, and its potential impact must be included.
 - i. If a person or Student Organization Officer refused to testify or participate in the investigation and now wishes to submit their testimony as new evidence at the appellate level, that testimony will not be considered "new evidence" under this ground. The Appellate Officer may determine if the matter will be sent back for further investigation based on this request for appeal.
 - C. **Disproportionate Sanction(s):** The Sanctions(s) imposed is significantly disproportionate the violation(s), or are of such nature that the Student Organization could not reasonably complete them within the allotted timeframe.
4. An Appellate Officer will review the request for appeal to determine if the request states one or more of the permissible grounds for appeal. If the request for appeal states one or more of the permissible grounds for appeal, the Appellate Officer will consider the appeal on its merits.
5. The burden is on the appealing party to show that the grounds for an appeal are met using the preponderance of the evidence standard.
6. If there is a challenge to any member of the process (e.g., a challenge of bias by an investigator or Hearing Officer), Student Conduct may share all or part of the appeal with the challenged party to allow them to respond. The response must be provided to Student Conduct within five (5) business days of receipt of the notice of the request

for appeal. The Appellate Officer serving in the reviewer role will issue their decision to allow the appeal to proceed in whole or in part or to deny the appeal within five (5) days of receipt of all information and responses.

7. The Appellate Officer will issue their decision within five (5) days of receipt of all information and responses. In instances where the Appellate Officer needs additional time, the Appellate Officer will notify the Student Organization's Officer(s) within the allotted time for issuing a decision.
8. Appeals are not intended to be full re-hearings of the original allegation(s). Appeals are confined to a review strictly limited to the matters being appealed.
9. When an appeal is granted for the appellant, the Appellate Officer may alter the finding or Sanction or remand the case with recommendations to Student Conduct for reconsideration, rehearing, or further investigation.
10. The decision of the Appellate Officer is final.

Sec. 6-512. Provisional Return.

1. In some circumstances, Student Organizations assigned a sanction of Suspension or Expulsion for a violation of this Chapter, may petition the University for a provisional early return to campus. This subchapter sets out the standards regarding the application and the eligibility determination to begin the provisional return process.
 - A. **Criteria.** Student Organizations must meet the following criteria to be eligible to begin the early provisional return process:
 - i. a Student Organization may petition for a disciplinary review by the Dean of Students after completion of no less than half the term assigned Suspension or Expulsion;
 - ii. the suspended Student Organization has not applied for recognition under this Chapter using a different name; and
 - iii. members of the organization at the time of the suspension have not had any documented instances of misconduct during the period of loss of recognition that could be reasonably associated with the Student Organization.
 - B. **Advisor Designation** - An applicant must identify an advisor, who meets the criteria established in Section 6-101(8), who will assist in working through the early provisional return process with the Student Organization and university officials. In the event the applicants cannot identify such an advisor, or if they prefer assistance in selecting one, the Office of the Dean of Students, will assign an advisor. Advisor designations for this subsection must be approved by the Dean of Students.
 - C. **Eligibility Determination** - The Executive Director will assess the application and determine whether or not the organization has met the eligibility requirements. If eligibility criteria are met, the Executive Director will convene a review committee to recommend to the Executive Director whether to uphold the existing sanction or allow the organization to begin the provisional return process. The Executive Director will review the application materials and the recommendation of the committee, to make the determination. An organization may make a request, in writing, for reconsideration of that determination to the Dean of Students. Requests for reconsideration must be made within three business days of the Executive Director's determination. The Dean of Students' determination is final and not appealable.
 - D. **Approval to begin early provisional return process** - If the application is approved, a Student Organization will begin the process prescribed by the Dean of Students and published on the Student Conduct and Academic Integrity [website](#). If a Student Organization fails to meet the requirements of the early provisional return process or has any conduct violations during

the period of provisional return, the University may revoke the Student Organization's provisional status.

Updated September 2025 to reflect policy changes effective September 1, 2025.

- E. A Student Organization approved for early provisional return will remain on provisional status until it has completed all requirements of the early provisional return process and the original Suspension or Expulsion term has been met.
- 2. In circumstances where a Student Organization has completed its full Suspension or Expulsion term for a violation of this Chapter, the organization may petition the University for a provisional return to campus.
 - A. Criteria - Student Organizations must meet the following criteria to be eligible to begin the provisional return process:
 - i. a Student Organization may petition for a disciplinary review by the Dean of Students after completing the term assigned for Suspension or Expulsion;
 - ii. the suspended Student Organization has not applied for recognition under this Chapter using a different name; and
 - iii. members of the organization at the time of the Suspension or Expulsion have not had any documented instances of misconduct during the period of loss of recognition that could be reasonably associated with the Student Organization.
 - B. Advisor Designation. An applicant must identify an advisor, who meets the criteria set at above at 6-101(8), who will assist in working through the early provisional return process with the Student Organization and university officials. In the event the applicants cannot identify such an advisor, or if they prefer assistance in selecting one, the Office of the Dean of Students, will assign an advisor. Advisor designations for this subsection must be approved by the Dean of Students.
 - C. Eligibility Determination. The Executive Director of Student Conduct and Academic Integrity, or designee, will assess the application and determine whether or not the organization has met the eligibility requirements. If eligibility criteria are met, the director will convene a review committee to recommend to the Dean of Students whether to uphold the existing sanction or allow the organization to begin the provisional return process. The director will review the application materials and the recommendation of the committee, to make the determination. An organization may make a request, in writing, for reconsideration of that determination to the Dean of Students. Requests for reconsideration must be made within three (3) business days of the director's determination. The Dean of Students' determination is final and not appealable.
 - D. Approval to begin provisional return process. If the application is approved, a Student Organization will begin the process prescribed by the Dean of Students and published on the Student Conduct and Academic Integrity [website](#). If a Student Organization fails to meet the requirements of the provisional return process or has any conduct violations during the period of provisional return, the University may revoke the Student Organization's provisional status. If a Student Organization fails to meet the requirements of the provisional return process or has any conduct violations during the period of provisional return, the University may revoke the Student Organization's provisional status.
