

Developmental Studies (DEV)

DEV 000M Basic Mathematics and Algebra Skills 0 Hours

Developmental mathematics instruction paired with a core math course. Emphasis is on mathematical concepts that support success in the core math course.

DEV 000R, 300R Basic Reading Skills 0,3 Hours

Developmental reading and writing instruction paired with a credit reading intensive course. Emphasis is on strategies for improving reading comprehension across the disciplines, reading study skills, and elements of composition.

DEV 000W, 300W Basic Writing Skills 0,3 Hours

Developmental reading and writing instruction paired with a credit writing intensive course. Emphasis is on strategies for improving reading comprehension across the disciplines, reading study skills, and elements of composition.

DEV 301M Developmental Mathematics I 3 Hours

Developmental mathematics instruction paired with a core math course. Emphasis is on mathematical concepts that support success in the core math course.

DEV 302M Developmental Mathematics II 3 Hours

Continuation of Developmental Studies 301M. Includes linear equations, systems of equations, integers, exponents and scientific notation, factoring polynomials, rational expressions and equations, radical expressions, and geometric problems.

DEV 303M Basic Mathematics and Algebra Skills Review 3 Hours

DEV 303S Analytical Reading and Writing 3 Hours

Examination of fundamental concepts in analytical reading from different disciplinary perspectives, with an emphasis on sociocultural influences on comprehension and writing styles.
