

# Courses

---

The University offers courses in the following fields of study. The abbreviations are used in catalogs, course schedules, and student records. For Medical courses, please see the courses section in the [Medical School Catalog](#). For Law courses, please see the courses section in the [Law School Catalog](#).

Not all courses are taught each semester. Consult the Course Schedule to determine which courses and topics will be offered during a particular semester. The Course Schedule reflects changes made to the course inventory after the publication of this catalog.

A full explanation of course numbers is given in the [Credit Value and Course Numbers](#) section.
