The Master of Science in Information Technology and Management
(MSITM) Option III program is a program for students pursuing
specialization in information technology and management. Coursework
is designed to prepare students to draw upon both emerging and
mature information technologies to develop innovative solutions to
business problems. The program includes instruction on information
technologies and design thinking and concludes with a capstone project.
The Graduate Studies Committee for Information Technology and
Management determines degree requirements and rules for registration
which are communicated to students in a handbook.

Facilities for Graduate Work

The physical facilities, computing systems, and research centers that
support graduate work in the McCombs School are described in the
Business Administration section under Facilities for Graduate Work.

Areas of Study

The Master of Science in Information Technology & Management gives
students opportunities to study topics in emerging technologies such as
cloud computing, deep learning, Internet of Things, blockchain, and data
science.

Graduate Studies Committee

The following faculty members served on the Graduate Studies
Committee (GSC) in the spring 2023 semester.

Ashish Agarwal
Indranil R Bardhan
Anitesh Barua
Constantine Caramanis
Georgios-Alex Dimakis

Sirkka L Jarvenpaa
Christine L Julien
Maytal Saar-Tsechansky
Huseyin Tanriverdi
Sriram Vishwanath

Admissions Requirements

Admission to the program is extremely competitive. The admission
decision is based on a holistic review process that includes the
applicant’s academic record, test scores, essays, resume, and letters
of recommendation. Students must enter the Master of Science in
Information Technology & Management Option III program in the
summer semester. Applicants admitted to the MS in Information
Technology & Management Option III program will be required to submit
a nonrefundable enrollment deposit to secure enrollment in the program.

The MS Bridge Program offers undergraduate students at The University
of Texas at Austin an opportunity to prepare for future graduate study

by providing access to courses and program resources that normally
require graduate standing. University of Texas at Austin undergraduate
students may apply for admission through the graduate academic unit
sponsoring the bridge program. Admission to a bridge program is highly
competitive and does not guarantee admission to a graduate degree
program. Additional information can be found at MS Bridge Program.
