Master of Science in Data Science

The 100% online program requires a Program of Work consisting of 30 semester hours of coursework (10 courses), distributed as follows:

- a. Nine hours of foundational coursework in probability, statistical inference, regression, and algorithms,
- b. Nine hours of additional coursework in visualization and data ethics, natural language processing, or current topics in data science,
- c. Twelve hours of coursework in advanced topics including predictive models, causal inference, machine learning, deep learning, and optimization.

The online program is presented as a flexible degree, developed for working professionals, and includes coursework designed to broaden and deepen their knowledge in the field.
