

Architecture: Building Technology (Stackable Certificate)

The [Architecture: Building Technology](#) stackable graduate certificate is designed for students interested in the role of building technology within the design process. Students who pursue this certificate will focus on systems integration, structural design, construction materials and processes, and issues of sustainable design.

Additional Details

- Degree seekers
- Offered in person on the UT Austin campus

Related Degree

- Architecture (MArch)
- Architecture (MAAD)
- Architecture (PhD)

Graduate Handbook

Graduate handbook information is updated and maintained by each program. Graduate handbooks are available within each program's office and [online](#). Please contact the program with concerns or questions.

Total Hours Required: 9

Requirements

See the [Graduate Stackable Certificate section](#) of the catalog for additional requirements and policy related to graduate stackable certificates.

Code	Title	Hours
Hours chosen from:		9
ARC 385S	Structures II	
ARC 386M.9	Designing the Way We Build	
ARC 386M.21	Timber Technologies	
ARC 388R.7	History of Building Technology	
ARC 388R.19	Design Logics: Projection and Proportion in Architecture	
Total Hours		9
